REMARKS

Claims 1-19 and 21 are presently pending in the application.

Applicant acknowledges with appreciation the Examiner's withdrawal of the formerlyimposed statutory-type double patenting rejection.

The Office Action, however, has now asserted a nonstatutory-type double patenting rejection upon claims 1-19 and 21, as allegedly being unpatentable over claims 1, 3-5, 8-13, 15-18 and 21 of U.S. Patent No. 6,665,095. Applicant respectfully traverses this rejection and does not believe the current rejection has sufficient merit. However, in an effort to expedite the prosecution of the present patent application, Applicant submits herewith a Terminal Disclaimer. Accordingly, Applicant requests that this rejection be reconsidered and withdrawn.

In view of the above, Applicant submits that the application is now in condition for allowance, and an early indication of same is requested. The Examiner is invited to contact the undersigned with any questions.

Respectfully submitted,

Dated: December 19, 2006
